

E.M. MARSHALL COMPANY
4022 Nettle Rd.
Streetman, Texas 75849

As a roof consultant my job is to bring the best possible roofing-related solutions to my clients.

I have known and worked with Doug Reader & Kevin Ballard since the mid-1980s. Over the course of almost 30 years, they have performed consistently outstanding work on all kinds of reroofing projects. They find creative solutions to complicated problems, all while minimizing disruption to the building occupants. They are flexible and resourceful in dealing with problems.

Perhaps most importantly, R&B adds value to the word 'warranty'. A warranty is only as good as the company behind it, and R&B stands behind their work 100%.

I am impressed with R&B's commitment for safety of their employees and the training provided.

Sincerely,

Emmett M. Marshall
